The Admaston/Bromley Public Library's information services link people with resources to fulfil their informational, educational, cultural and recreational needs. This policy describes information services at the library and guides library staff when answering reference questions.

1. All users seeking information will be treated equally regardless of sex, age, ability and ethnicity.
2. The staff will respect and protect the confidential and private nature of requests for information.
3. The staff will answer all reference questions efficiently, accurately and as completely as possible and will be guided by the board's policy on Intellectual Freedom OP-04. All questions will be considered important and legitimate, unless it becomes clearly apparent that they are otherwise.
4. The staff will assist the user in finding information and will provide instruction on how to use library resources based upon the user's needs. The staff provide the following services:
  - a) **Quick reference:** These questions can usually be answered immediately using materials in the collection and online resources.
  - b) **General reference:** These questions usually require a lengthier search and/or the use of a number of sources to arrive at a complete answer.
5. The staff will refer users to the inter-library loan service, other libraries, agencies and community resources, if it is not possible to find an answer using the library's own resources.
6. The extent of individual service to each person will depend on the number of users needing to be served. The following priorities will apply.
  - 1<sup>st</sup> priority - requests presented in person
  - 2<sup>nd</sup> priority - requests presented by telephone/voice mail
  - 3<sup>rd</sup> priority - requests sent in by mail/fax/e-mail
7. To assess and evaluate information services, and to comply with the requirements of the Annual Survey of Public Libraries, statistics on reference questions will be kept and analyzed.
